

**Press Release**

**CY4GATE HAS BEEN AWARDED NEW CONTRACTS WITH A TOTAL VALUE OF APPROXIMATELY € 1.7 MILLION FOR THE DURATION OF 1 YEAR FOR SOLUTIONS IN THE FIELD OF DECISION INTELLIGENCE FOR A FOREIGN INSTITUTIONAL CUSTOMER**

Rome, December 12, 2024 - **CY4GATE (CY4.MI)**, national and European player in cyber security and cyber intelligence, has signed contracts for a total value of approximately € 1.7 million lasting 1 year with a primary foreign institutional client for the acquisition of technologies in the Decision Intelligence field.

The recently acquired contracts concern the supply of advanced technological solutions developed by CY4GATE Group in the field of Decision Intelligence, a sector in which the Group confirms itself as a recognized point of reference. This area is constantly transforming to respond to the growing demand for tools capable of supporting faster, more informed and effective decision-making processes, in an increasingly complex and interconnected global context. The ability to collect, analyze and integrate heterogeneous data to generate strategic insights has become a fundamental pillar for institutions, companies and government organizations. CY4GATE Group, with its technologies, enriched with cutting-edge features, offers a concrete response to this need.

The Decision Intelligence market is currently undergoing a technological revolution to enable the simultaneous management of significant quantities of very heterogeneous data coming from the most disparate, even very diversified, sources. Only thanks to the constant R&D activity carried out internally, our platforms are able to anticipate rather than chase the evolution of a pressing digital transformation.

Thanks to these new projects, the Group further strengthens its position as a strategic partner for institutions and companies, providing tools designed to address and resolve the complexities of a world increasingly dominated by data. Our distinctive ability to integrate structured and unstructured information, supported by the use of Composite AI, allows us to offer solutions that not only address the today's challenges, but create concrete and measurable value for our customers, and guaranteeing the Group a competitive advantage in the medium-long term.

**Emanuele Galtieri**, CEO and General Manager of Cy4Gate Group, declared: *"This is an important success on foreign markets, the result of the company's ability to anticipate emerging needs and transform the requirement into technology in the challenging times that the digital domain requires. Each new contract acquired represents a great opportunity for us to evolve our products: each customer, in fact, often requests to integrate, in the solution offered, innovative elements which in a short time will transform into new functions which will benefit both existing customers existing, thanks to the upgrades, that future users".*
